Institute:

**a) Animal experiments or cell, organ or tissue removal from dead animals or parts of dead animals**

have been carried out  yes  no

If yes: Have all necessary permits been obtained?  yes  no

1. Studies conducted have included one or more animal experiments subject to notification or approval pursuant to §§ 7 (2), 8 and 9 TierSchG (e.g. behavioural studies, feeding studies, surgical interventions, injections, cell, organ or tissue removal from living vertebrates, decapods, cephalopods).

yes  no

2. Studies conducted have involved the removal of cells, organs or tissues from vertebrates, decapods, cephalopods that were killed for scientific purposes [§4 (3)].

yes  no

3. Studies have been conducted on dead animals or parts of dead animals that do not fall under §4 (3) TierSchG (e.g. carcasses or their parts, dissection material).

yes  no

4. Studies have been conducted in which live animals were used, but which did not involve any animal experiments requiring notification or approval as defined in §§ 7 (2), 8 and 9 TierSchG (e.g. experiments with non-vertebrates, except decapods and cephalopods) and involving no cell, organ or tissue removal from animals killed for scientific purposes (§4 (3)).

yes  no

If yes: Which animal species were used? Enter text:

**b) Experiments on humans**

have been carried out  yes  no

If yes:

The necessary approvals (ethics committee of FSU) have been obtained:

yes  no

**c) Experiments in compliance with genetic engineering laws**

have been carried out  yes  no

If yes:

safety level S1  safety level S2  safety level S3

The necessary approvals have been obtained:  yes  no

**d) Experiments with or studies on protected species and/or in protected natural areas**

have been carried out  yes  no

If yes:

The necessary permits have been obtained:  yes  no

**e) Work with material subject to the provisions of the Nagoya Protocol**

has been carried out  yes  no

If yes: The necessary permits have been obtained:  yes  no
